

Figure 1 displays a sequence of 16 grayscale images arranged in a 4x4 grid. Each image shows a handwritten digit '4' being formed by a pen. The sequence progresses from left to right and top to bottom, showing the digit being drawn stroke by stroke. The first row shows the initial strokes, the second row shows the digit becoming more defined, the third row shows the digit almost complete, and the fourth row shows the final, complete digit '4'.
